Holiday!

PREFACE

Dear Parents and Guardians,

As we embark on this journey of discovery and fun, we are thrilled to introduce this collection of activities designed to engage and inspire our youngest learners during the summer break.

At **SURAJ**, we believe that learning is a lifelong adventure, and the summer holidays provide a unique opportunity for children to explore, create, and grow outside the classroom. This homework pack has been carefully crafted by our expert **TEACHERS** to encourage children to continue their learning journey in a playful and enjoyable way, while also fostering their curiosity and imagination.

Each activity included in this homework pack is designed to reinforce essential skills and concepts learned, all while allowing children to express themselves creatively and independently...

We understand that the summer holidays are a time for relaxation and family fun, so we've curated activities that can be easily integrated into your daily routines and outings.

As you and your child embark on this summer homework journey together, we encourage you to embrace each activity with enthusiasm and curiosity. Use this time to bond as a family, celebrate your child's achievements, and marvel at the wonders of the world around you.

Thank you for your continued support and partnership in your child's education. Together, we can make this summer a season of growth, exploration, and joy for our kindergarten learners.

With Love,

SURAJ SCHOOL

"Summer means happy times & good sunshine"

Summer VACATION

Warm greetings!

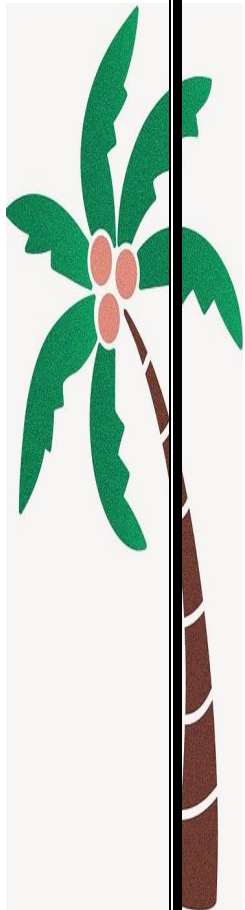

Help your child learn new things by doing activities that will enhance your child's interest.

Engage your child in simple household chores.

Encourage your child to arrange their toys after playing.

Give your child one task per day and ensure that they are able to complete their task on time.

This is me!

Hey

There!

LET US DO THIS....

1.) Conversation time:

- Encourage the child to greet everyone in the house, neighbourhood, family, and any visitors or all the people they meet, for example, saying Good Morning, Good Afternoon, Good Evening, Hello, etc.
- Encourage children to be polite at home and even outside their homes.
- Inculcate the habit of respecting the elders.

2.) Sharing is Caring:

- Always encourage your child to offer whatever he/ she is snacking on, to the others around them.
- Children must be encouraged to share things like books, toys, colours, etc. with friends, cousins, siblings, etc.
- Point out the happiness the other person has on receiving whatever was shared, even as you give a pat or a hug of appreciation.

3.) Environmental Awareness:

- Take some time out to put water and food in a bowl for birds in this scorching heat.
- Children will plant a sapling.
- To plant a sapling, first fill the pot with soil and then plant the sapling.
- Encourage the children to water the sapling every day and take care of it.
- Children to observe the growth of their sapling and draw the growth of their sapling in a booklet.

Rhyme Time

4.) Rhyme Time

- Recite your favourite rhyme about 'fruits' and record a short video of it to share with your class teacher.

5.) Father's Day

Make your father feel special.....

As we celebrate Father's Day, let's make something unique and special for the most amazing person in your life by making a "Unique Hand Print Card".

- To make the Father's Day handprint card, first paint your father's palm with a poster colour/ water colour and press your father's hand on an A4 sized sheet to get a firm paint impression.
- Then apply paint on one of your own palm and firmly press the painted hand on top of your father's hand impression to complete the card.

5.) Non fire cooking- teddy bear toast

- With the help of your mother, spread some butter/ peanut butter on top of a piece of bread.
- Now, slice a banana into circular pieces with your mother's help and make the bear's face as shown in the picture.
- Use grapes/ raisins to make the bear's eyes and nose.
- Click a picture of your teddy toast or draw the picture of your teddy toast on a sheet.

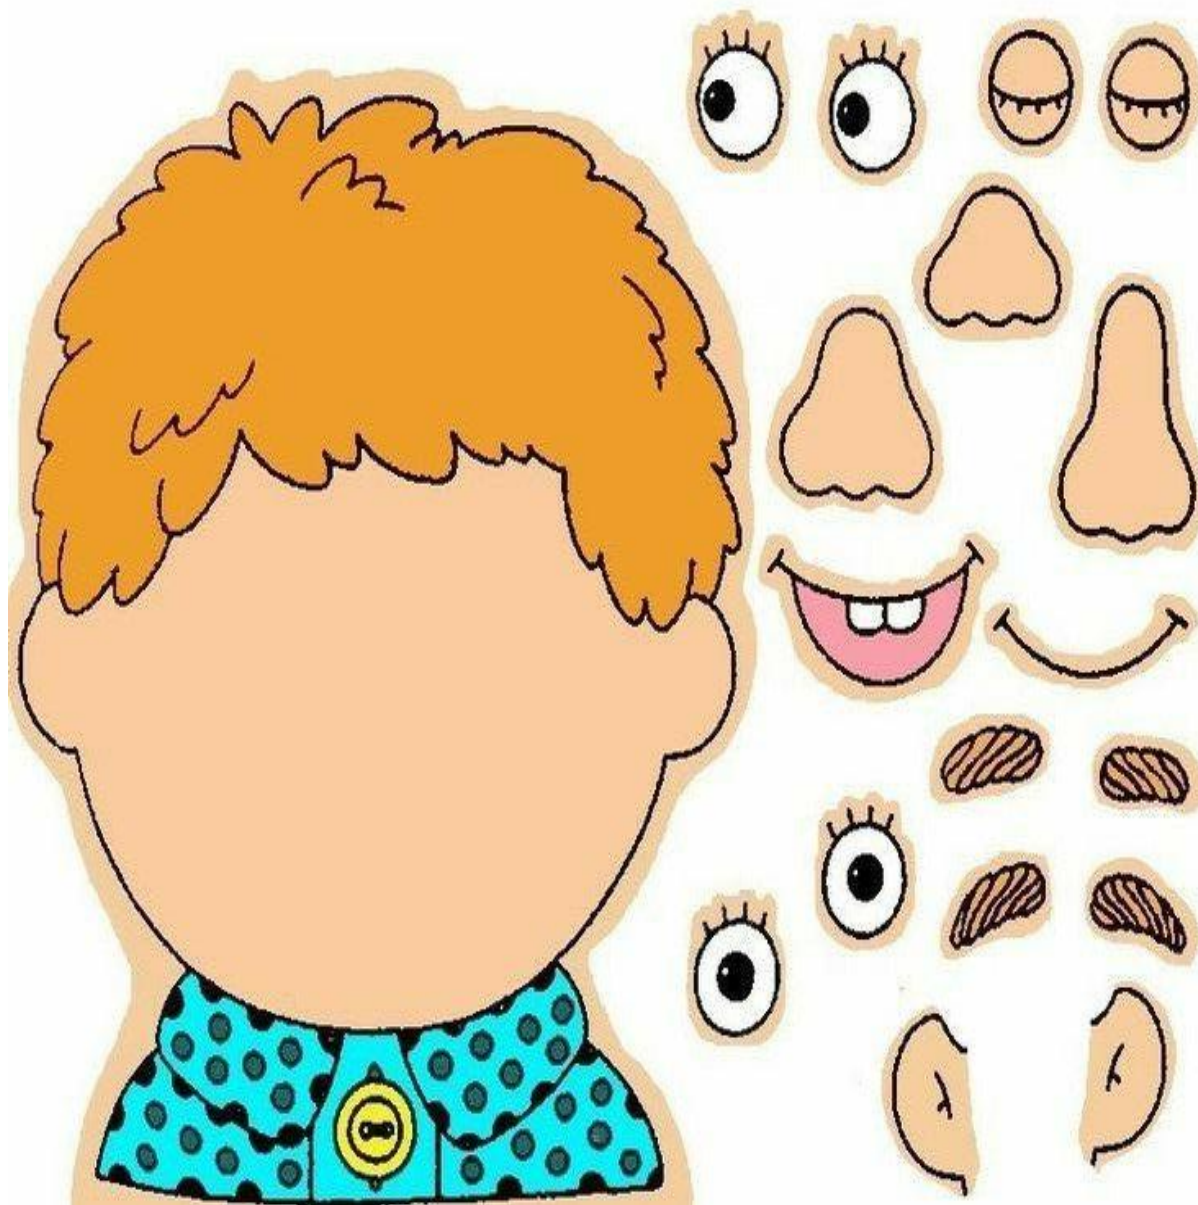

6.) Sock Puppet

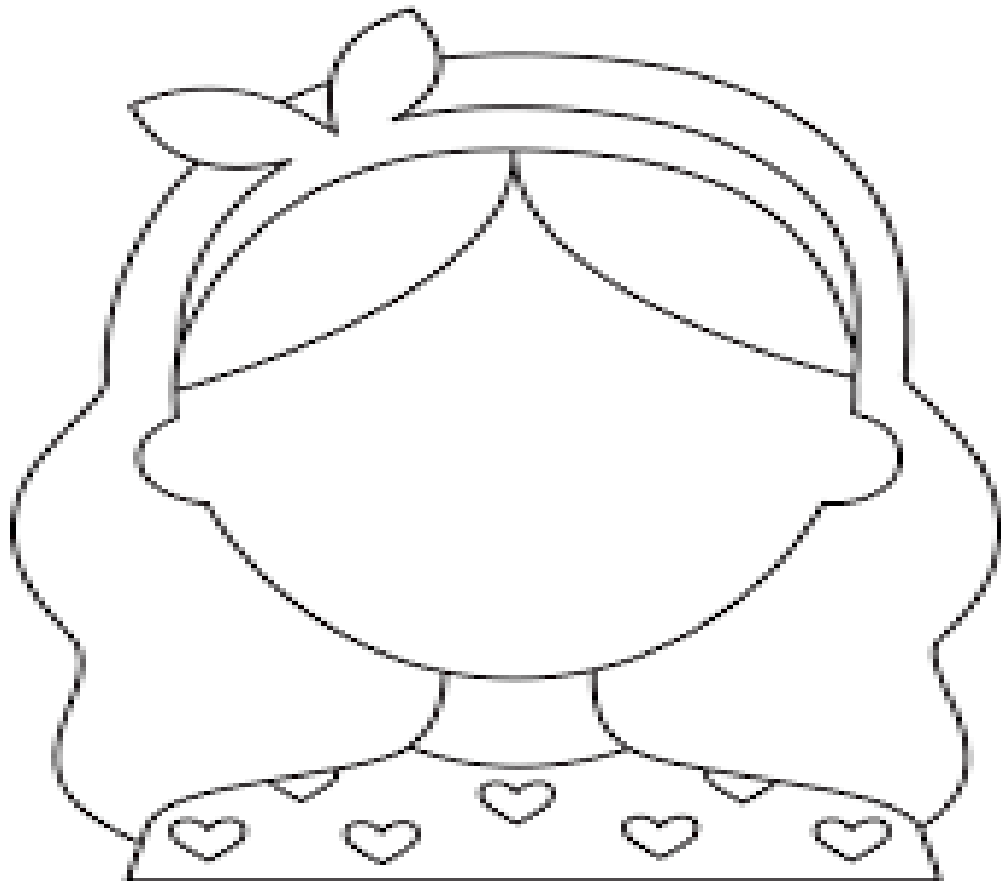

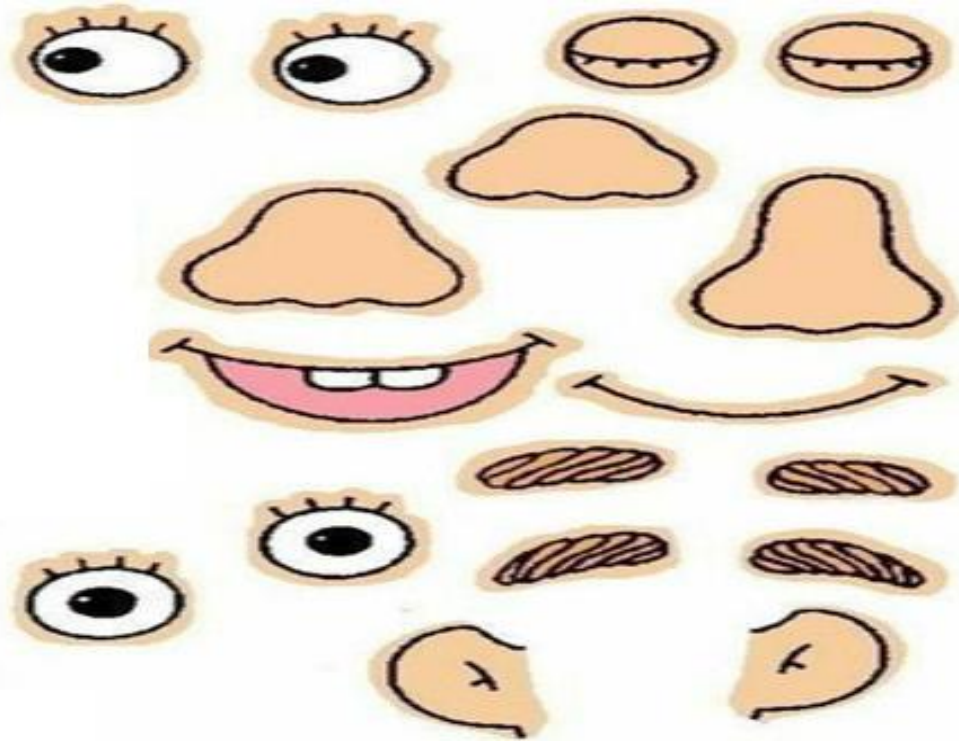

- To create puppets, socks are the main required materials.
- Refer to the video link below to know how to make a sock puppet:
https://www.youtube.com/watch?v=zFDf_GCOuOs&feature=youtu.be

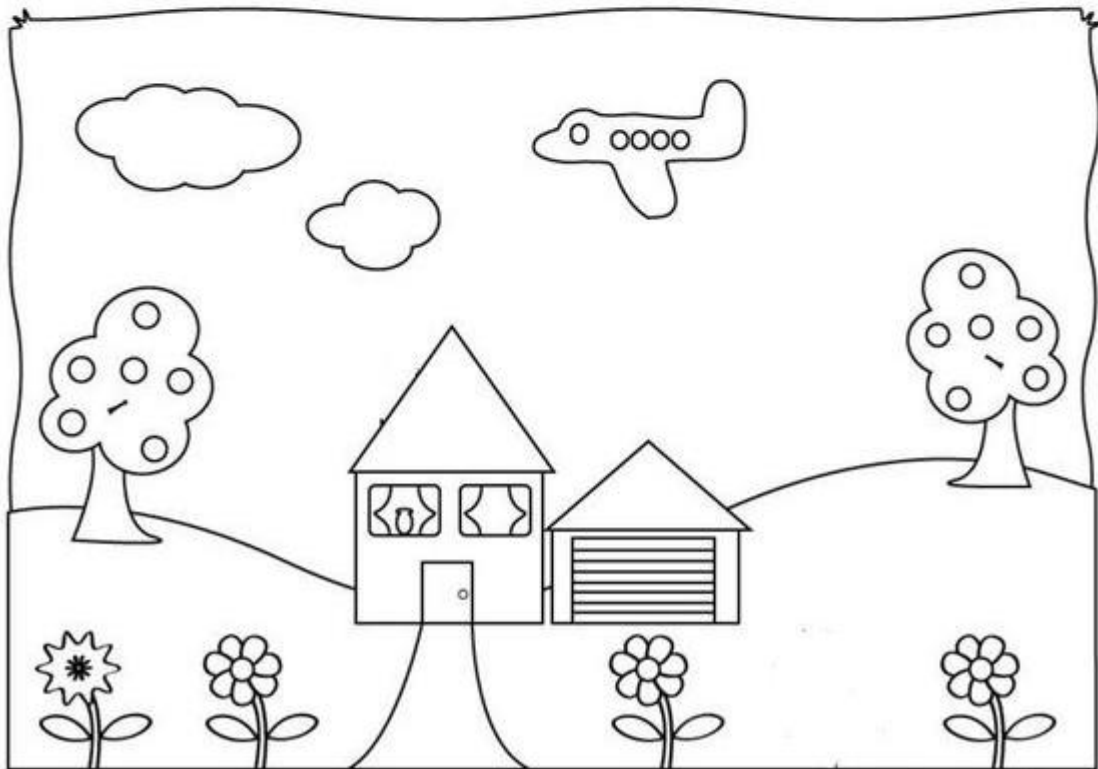

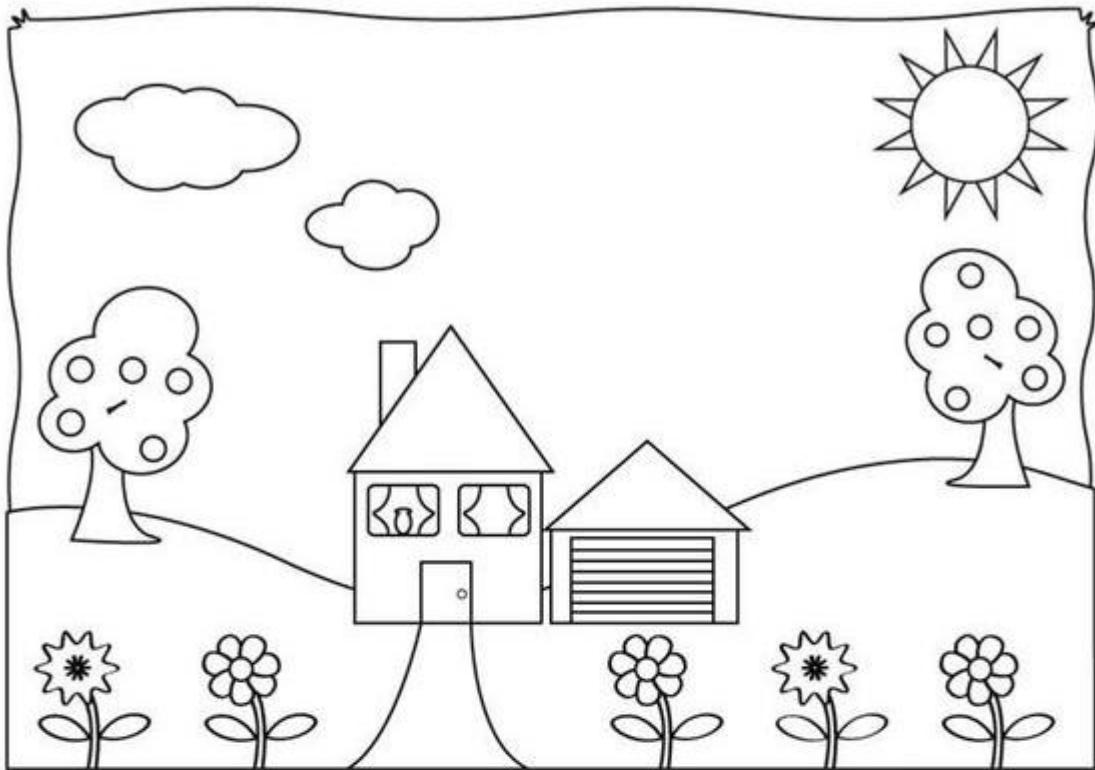

7.) Myself

Create a self-portrait by pasting the features on the face from the given template.

14.) Spot the differences.

15.) Find and match the faces according to the appropriate facial expressions.

16.) Paste bindis to make watermelon seeds.

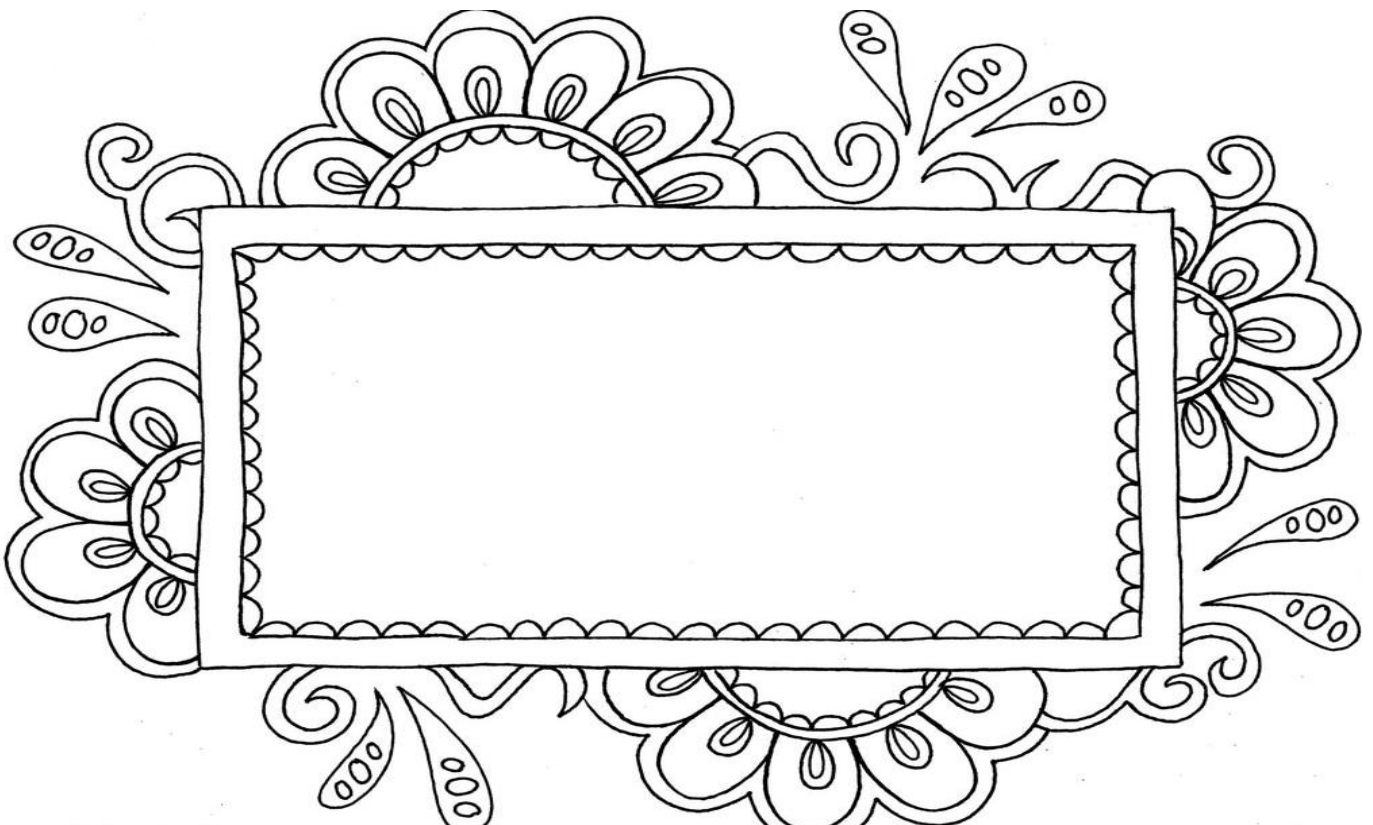

17.)

This is how I write my name.

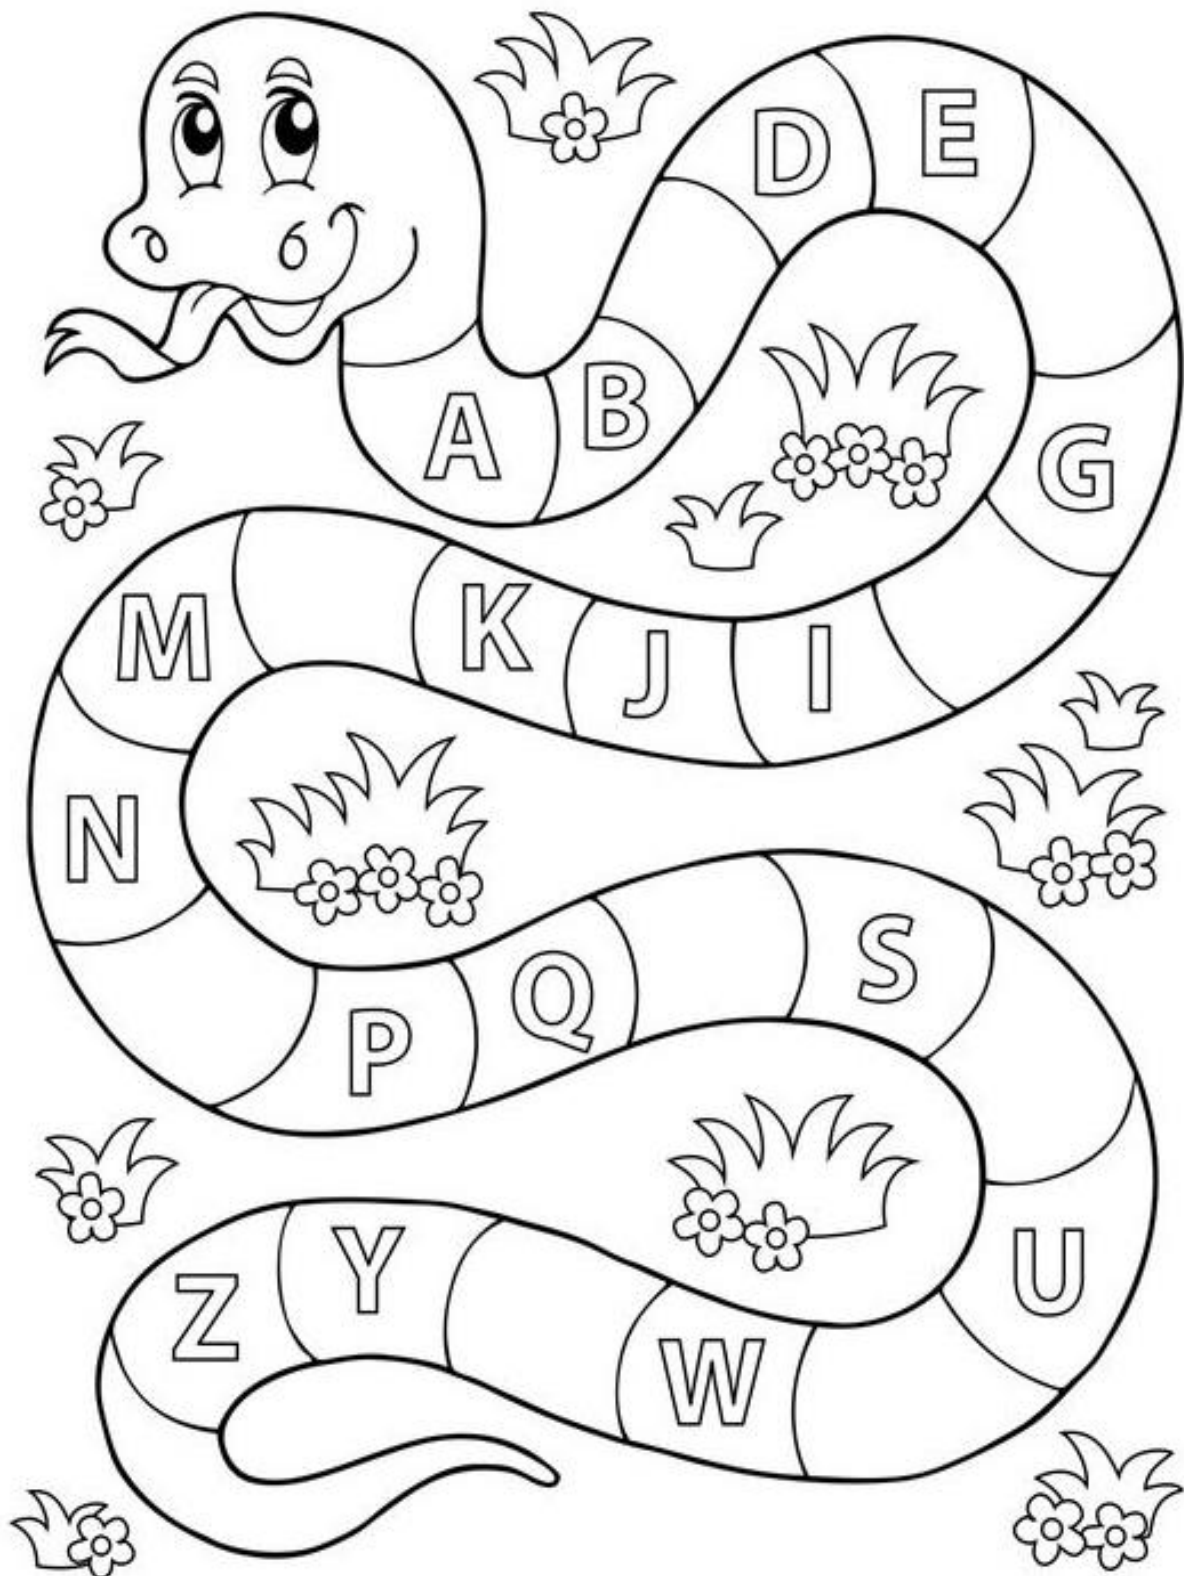

My name begins with a capital letter

There are letters
