Dear Parents

Greetings from SURAJ!!!!

Vacations are not only meant to explore the world outside but also are an opportunity to rediscover ourselves while we stay at home. So, embark on a journey of fun and adventure by reading books, exercising, meditating, dancing and channelizing your energy in a positive manner.

General Instructions for Students

Here are the ways by which you can make your holidays fun and learn at the same time.

- Play indoor games like Ludo, Carom Board, Scrabble, Chess, etc.
- Help your parents with small household chores like cleaning the cupboards, watering the plants, making the bed, etc. It is an opportunity for you to show your love, concern, and support to your parents who have been taking care of you during the course of the Academic Year.
- Holiday Home Work should be done as per the instructions given.
- Read a newspaper daily.
- Revise all the concepts done so far.

General Instructions for Parents

- Parents are requested to encourage their ward to do their homework independently.
- Parents can extend guidance to their children, if needed.
- Creativity and originality of the work will be appreciated.
- Control Screen Time: Do not let children spend too much time playing video games and mobile phones instead encourage them to take up creative pursuits.

Please note that it is COMPULSORY TO COMPLETE THE HOLIDAY HOMEWORK AS THIS WILL BE A PART OF THE EVALUATION.

Last but not least, Smile and face the challenges bravely as “Smile is the only curve which straightens everything.” Have an enjoyable Summer Vacation. Stay Safe.

Regards

LET US DO THIS....

1.) Conversation time:

- Encourage the child to greet everyone in the house, neighbourhood, family, and any visitors or all the people they meet, for example, saying Good Morning, Good Afternoon, Good Evening, Hello, etc.
- Encourage children to be polite at home and even outside their homes.
- Inculcate the habit of respecting the elders.

2.) Sharing is Caring:

- Always encourage your child to offer whatever he/she is snacking on, to the others around them.
- Children must be encouraged to share things like books, toys, colours, etc. with friends, cousins, siblings, etc.
- Point out the happiness the other person has on receiving whatever was shared, even as you give a pat or a hug of appreciation.

3.) Environmental Awareness:

- Take some time out to put water and food in a bowl for birds in this scorching heat.
- Children will plant a sapling.
- To plant a sapling, first fill the pot with soil and then plant the sapling.
- Encourage the children to water the sapling every day and take care of it.
- Children to observe the growth of their sapling and draw the growth of their sapling in a booklet.

4.) Rhyme Time

- Recite your favourite rhyme about 'fruits' and record a short video of it to share with your class teacher.

5.) Father's Day

Make your father feel special.....

As we celebrate Father's Day, let's make something unique and special for the most amazing person in your life by making a "Unique Hand Print Card".

➤ To make the Father's Day handprint card, first paint your father's palm with a poster colour/ water colour and press your father's hand on an A4 sized sheet to get a firm paint impression.

➤ Then apply paint on one of your own palm and firmly press the painted hand on top of your

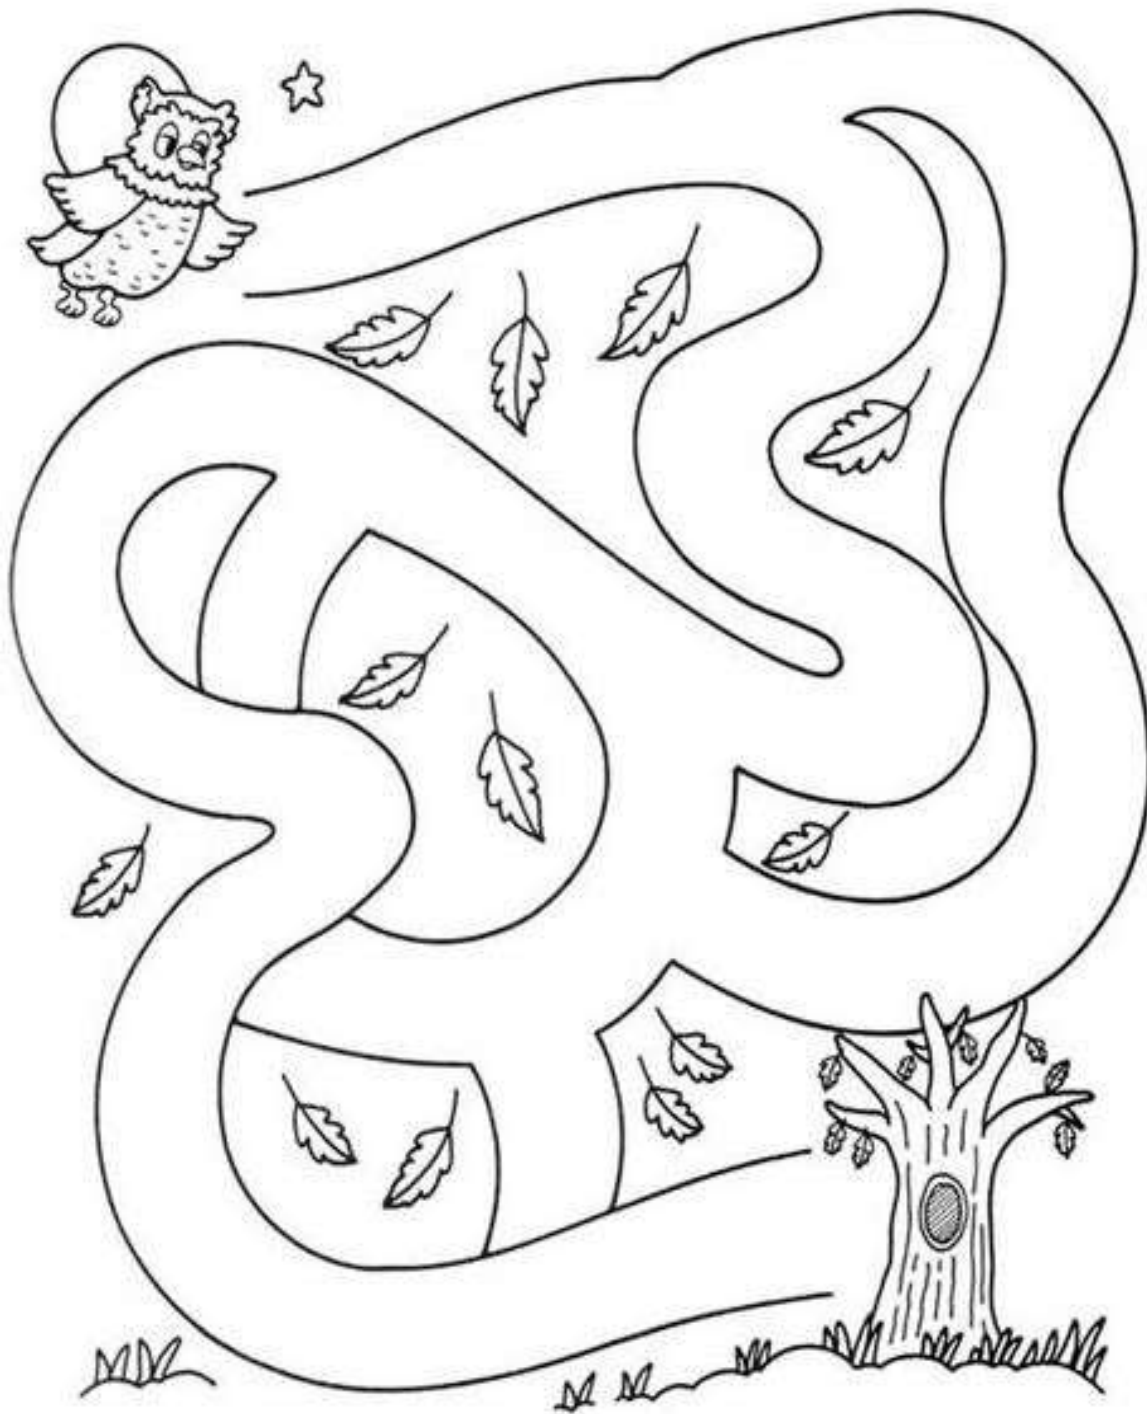

father's hand impression to complete the card.

6.) Non fire cooking- Become a SURAJ Chef

➤ Beat the heat by making any of these summer drinks- lemonade, lassi, smoothies along with a yummy Oreo milkshake.

7.) Help this owl find its way home and then colour the picture.

8.) Draw a picture of yourself or paste a photograph in the box. Colour the picture.
